

EQUIPPING LEADERS WITH THE MINISTRY TOOLS TO LEAD WELL.

LAB 2: WORKING ON YOUR OWN DISCIPLESHIP

To lead others to follow Jesus, we must follow Jesus

WHAT IS A DISCIPLE?

HOW CAN I GROW AS A DISCIPLE OF JESUS?

Live A Life Centred On The Gospel

How would applying the gospel to all of life help you grow as a disciple of Jesus? In what areas of your life do you struggle to apply the gospel?

Root Yourself in the Bible

Reflect on this past year. What has your daily/weekly engagement with the Bible looked like? In what ways do you perceive that you would experience growth by rooting and delighting in Scripture more intentionally?

Seek Community In The Local Church (Gather in Community)

How frequently do you attend church in a month? How committed are you to the local church? How do you perceive discipleship growth would happen in your life through more engagement and /or happens in your life because of your engagement in the local church?

Manifest The Holy Spirit (Empowered By The Spirit)

Are you engaged in the lives of other believers to such a degree that you've identified and are exercising the empowerment of the Spirit in your life for the their good? How does exercising your spiritual gifts in the context of community help you grow as a disciple?

Get Equipped for Ministry

The priesthood of all believers means everyone's a minister. How does the outworking of that lead to your growth as a disciple?

Live As A Sent One (Sent on Mission)

Since a disciple of Jesus is a learner/student, follower, apprentice of Jesus that means that the end goal is to do what He did. Jesus lived a life submitted to the will of the Father. How do you perceive living as a sent one by Jesus invigorates discipleship growth in a believer?

Be Dependent In Prayer

Reflecting on this past year, what does your prayer life look like on a daily/weekly basis? In what ways do you perceive that dependency on God in prayer grows a disciple of Jesus? How does a prayer-filled life serve as an antidote to dependency on self?
